Indiana General Assembly - Indiana Register

WordPerfect (WP) is a word processing application owned by Corel with a long history on multiple personal computer platforms, originally developed under contract at Brigham Young University for use on a Data General minicomputer in 1979. The authors retained the rights to the program, forming Satellite Software International (SSI) to sell it under the name WordPerfect in 1980.

Making a PDF File Accessible - Step by Step. As with any written documentation, PDF files that will be published to County web pages must first be made accessible. If receiving content from 3rd party vendors, it is recommended you insist to those vendors that they provide the document with remediation already completed.
