Skipper Roberts is a doll created by Mattel in 1964 to be Barbie's younger sister, as well as to oppose controversies directed at Barbie. Since Skipper was introduced, she has changed immensely. When she first came out, she was 9.25 inches in height (compared to Barbie's 11.5 inches), and then as newer versions were released she gradually became taller with an older appearance, eventually ...

Super Barbie Resurrection Emergency - Play The Girl Game ...

The battle over whether Barbie is bad for girls self-image got heated on Monday, Fast Company published an interview with a lead Mattel designer who led a vigorous defense of Barbie's impossible and much-maligned proportions. Kim Culmone, VP of Design at Mattel explained why the company still produces a doll with measurements that if real, would result in a woman with half a liver who could ...
