

Baseball Stitch Suture

Baseball Stitch Suture

Stitch definition, one complete movement of a threaded needle through a fabric or material such as to leave behind it a single loop or portion of thread, as in sewing, embroidery, or the surgical closing of wounds. See more.

Stitch | Definition of Stitch at Dictionary.com

The simple running, or continuous suture, is begun in the same way as a simple interrupted suture. Again, it is important to grasp the skin and evert it slightly using a fine toothed forcep, and the needle holder is rotated into a pronated position in preparation for piercing the skin.

Simple Continuous Stitch » Surgery | Boston University

Stitch definition is - a local sharp and sudden pain especially in the side. How to use stitch in a sentence.

Stitch | Definition of Stitch by Merriam-Webster

Running (continuous) sutures. A running suture, also known as a continuous suture, consists of one strand of suture material that runs for a lengthy distance along a wound, normally in a zigzag pattern, which is tied at either end. This suture resembles those used on baseballs, and so, they are sometimes called baseball sutures.

Complete Guide to Mastering Suturing Techniques
