Overview. Three-quarters of AP and NWP teachers say that the internet and digital search tools have had a "mostly positive" impact on their students' research habits, but 87% say these technologies are creating an "easily distracted generation with short attention spans" and 64% say today's digital technologies "do more to distract students than to help them academically."

Use Thomson ONE.. To find analyst reports (also known as sell-side reports or equity research reports) for a specific company, search for that firm's ticker symbol or name in the top left corner.

How do I find analyst reports (investment bank research ...

Fundamentally, there are two big motives for research. On the one hand there is intellectual ambition: the desire to know and understand the world, to appreciate the best that has been said and ...

A question universities need to answer: why do we research?

Part of Canada's foreign affairs and development efforts, IDRC invests in knowledge, innovation, and solutions to improve the lives of people in the developing world. IDRC supports research in developing countries to create real and lasting change. This knowledge can be used as a tool for addressing pressing global challenges. We share it with others by:

What we do - International Development Research Centre

SHUAA launched the first equity research department in the GCC in 2001. Our equity research analysts provide independent research on selected listed GCC companies and sector coverage, particularly UAE and Saudi markets, with a key focus on under-covered names where most value can be added for clients.

Research | Capital Markets | What We Do | SHUAA Capital

So what should we do with this research? This is a question that researchers often hear at the end of a playback session. Especially one where we're sharing findings or insights and not detailed recommendations of what to do next. Most of the time there are two questions that teams should ask themselves:

From insights to actions. Or, what should we do with this ...

We've all heard the saying "time is money," but perhaps there is no more applicable instance for this saying than in recruiting. According to research, it takes an average of 52 days to fill an open position, up from 48 days in 2011. And, \$4,000 is the average amount U.S. companies spend to fill an open position.

We Asked 750 Hiring Managers What Makes a Candidate ...
