If you are new to Windows 8, buying Windows 8.1 (Windows 8 with the 8.1 update already included) is just about the most legit option. Occasionally you will find a cheaper boxed copy of Windows 8 (before the 8.1 update) from general eCommerce merchants like Amazon or from a consumer electronics outlet like NewEgg, which you'll then upgrade to Windows 8.1 free of charge following set up.

### **How To Find Your Windows 8 or 8.1 Product Key [SOLVED ...**

Windows 8 Start screen. Well, first up there's no Start button on the Start screen. To access the Snipping Tool as well as the usual collection of Windows accessories, simply right click on the background of the Start screen. This displays an 'App' bar across the bottom of the display and then simply click on the 'All Apps' option.
