I Thirst For You Primes

Introduction. Subliminal advertising became notorious in 1957 through the publicity surrounding James Vicary, a private market researcher, who claimed to have substantially increased sales of Coca Cola and popcorn in a movie theatre, by secretly and subliminally flashing the message "Drink Coca Cola" and "Eat popcorn."

Beyond Vicary's fantasies: The impact of subliminal ...

The reward system is a group of neural structures responsible for incentive salience (i.e., motivation and "wanting", desire, or craving for a reward), associative learning (primarily positive reinforcement and classical conditioning), and positively-valenced emotions, particularly ones which involve pleasure as a core component (e.g., joy, euphoria and ecstasy).

Subliminal stimuli (/ s ʌ b ' l i m i n ə l /) (the prefix sub- literally "below, or less than"), contrary to supraliminal stimuli or "above threshold", are any sensory stimuli below an individual's threshold for conscious perception. A 2012 review of functional magnetic resonance imaging studies shows that subliminal stimuli activate specific regions of the brain despite participants ...

Scott Horton, CEO, Delta Concepts Consulting, Inc. When it comes to inclusion, our brains need a nudge. With the best intentions, humans . . . even the most “woke” among us . . . can and do frequently default to automatic-pilot decision making, especially when the people we’re making decisions about are different from us (and that means everyone else on the planet).
