The phrase 'population statistics' as used by the Census Bureau refers to much more than simply the 'number of inhabitants' in an area. The Census Bureau provides census count and current estimates of the number of inhabitants of the Nation, regions, States, cities, counties, and other areas. It also furnishes a wide variety of information on social and economic characteristics of the ...

ABSTRACT: Relying on standard measures of macroeconomic performance, historians and economists believe that "war prosperity" prevailed in the United States during World War II. This belief is ill-founded, because it does not recognize that the United States had a command economy during the war. From 1942 to 1946 some macroeconomic performance measures are statistically inaccurate; others ...

In 1946 Melvin E. Thompson was elected the state's first lieutenant governor, but as a result of the "three governors controversy," he never actually served in office. Thompson eventually became the acting governor after the Georgia Supreme Court determined that he should be the chief executive after the death of Governor Eugene Talmadge. The court ruled that Thompson should serve as acting ...
