

International Law And The Future Of Freedom

International Law And The Future

International law, also known as public international law or law of nations, is the set of rules, norms, and standards generally regarded and accepted in relations between nations. It establishes normative guidelines and a common conceptual framework for states to follow across a broad range of domains, including war, diplomacy, human rights, and commerce.

The American Society of International Law has issued a call for session ideas for its 114th Annual Meeting, which will take place April 1-4, 2020, in Washington, DC. The conference theme is: "The Promise of International Law." The deadline is July 16, 2019. Here's the call: The Promise of International Law. In a world of increasing polarization and threats to individual and collective ...

International Law Reporter

International Law, unlike most other areas of law, has no defined area or governing body, but instead refers to the many and varied laws, rules and customs which govern, impact and deal with the legal interactions between different nations, their governments, businesses and organizations, to include their rights and responsibilities in these dealings.
