Keep It Simple Stupid

The "keep it simple stupid" (KISS) principle is a design rule that states that systems perform best when they have simple designs rather than complex ones.

What is Keep It Simple Stupid Principle (KISS Principle ...

KISS, an acronym for "keep it simple, stupid" or "keep it simple stupid", is a design principle noted by the U.S. Navy in 1960. The KISS principle states that most systems work best if they are kept simple rather than made complicated; therefore, simplicity should be a key goal in design, and unnecessary complexity should be avoided. The phrase has been associated with aircraft engineer Kelly ...
