Male vs Female Population of the UAE in 2018. According to our research, in 2018, males make up 72% of the UAE population at 6.89 million while the number of females account for only 28% of the total UAE population at 2.65 million. That makes the gender split at 72% male - 28% female. Men outnumber women in all age groups as mentioned in the above infographic.
