For several years now I've been designing and building small fun electric go karts, trikes, scooters and other mini vehicles. It started mainly for fun for the kids but also just out of interest - and some have been built for use around the garden - all have proved to be very effective and have been great fun to work on.

### **Recycled Garden Ideas | Backyard Projects - Birds & Blooms**

The fact is that many homeowners new to the constraints of small-yard design make the mistake of planting a specimen that is too big for their landscapes. The result of their poor selection is that the plant quickly outgrows its space, necessitating its removal after only a short period of time in the ground.
