Developmental history Early development. In 1857, Oscar Rejlander created the world's first "special effects" image by combining different sections of 32 negatives into a single image, making a montaged combination print. In 1895, Alfred Clark created what is commonly accepted as the first-ever motion picture special effect.

This post has been inspired by conversations I've had with women about their experiences of induction. Induction of labour is increasingly common, yet women often seem to be very mis-informed about what it involves, or what was done to them during induction and why. For example,

one woman was told by her obstetrician that induction...

STEP 1: Choose the Correct Type of Name. Certain types of names are better suited for certain products. So let's categorize the types of names that exist.. NOTE: I'll be using the terms product and business interchangeably. There is a difference. However, that difference won't affect this naming process.

A Step-By-Step Guide to Name Your Product

We take great pride in the fact that Second Step is based on current research in the field. Translating research findings into key components of our programs allows us to be confident our curricula will be effective in classrooms.
