

Strategies For Differentiating Instruction

Strategies For Differentiating Instruction

Differentiated instruction is a teaching philosophy based on the premise that teachers should adapt instruction to student differences. Rather than marching students through the curriculum in lockstep, teachers should modify their instruction to meet students' varying readiness levels, learning preferences, and interests.

Differentiating Instruction - ASCD

Whether you teach first grade or AP Calculus, your class is certain to have a variety of learners. Perhaps you have some ESL/ELL students, some learning support, some emotional support, some gifted, and some very "average."
