The information on this site offers suggestions for basic Classroom Discipline strategies.

Methods and Practices of Classroom Discipline

The origins of this word offer great clues about its current meanings. The Old French descepline referred to punishment and suffering. The Latin disciplina meant "teaching, learning." The Old English version referred to a branch of knowledge or field of study (so if you're really good at word origins, you might want to make etymology your discipline).

discipline - Dictionary Definition : Vocabulary.com

The Root and Meanings of Discipline. Discipline comes from discipulus, the Latin word for pupil, which also provided the source of the word disciple (albeit by way of a Late Latin sense-shift to "a follower of Jesus Christ in his lifetime"). Given that several meanings of discipline deal with study, governing one's behavior, and instruction, one might assume that the word's first ...

Discipline | Definition of Discipline by Merriam-Webster

An academic discipline or academic field, also known as a field of study, field of inquiry, research field and branch of knowledge, is a subdivision of knowledge that is taught and researched at the college or university level. Disciplines are defined (in part), and recognized by the academic journals in which research is published, and the learned societies and academic departments or ...
