

The Legal System Between Order And Disorder

The Legal System Between Order

A legal case is a dispute between opposing parties resolved by a court, or by some equivalent legal process. A legal case may be either civil or criminal law. In each legal case there is an accuser and one or more defendants

Legal case - Wikipedia

Law is a system of rules that are created and enforced through social or governmental institutions to regulate behavior. It has been defined both as "the Science of Justice" and "the Art of Justice". Law is a system that regulates and ensures that individuals or a community adhere to the will of the state.

Law - Wikipedia

The American Legal System Sources of Law. Constitutional Law is based on a formal document that defines broad powers. Federal constitutional law originates from the U.S. constitution. State constitutional law originates from the individual state constitutions.
