Ties That Bind was released less than two years after the first game in September 2005. That sort of turn around time is ridiculous, especially for a series this ambitious, but they managed it...sort of. While The Suffering's PC version was fundamentally the same game but with mouse controls, the PC version for Ties That Bind feels like a completely different game at times.

Chinese labour was used to build the railroad, and later to maintain it. Over 17,000 Chinese came to Canada from 1881 through 1884. Several thousand came from the coastal areas of the United States where they helped build the American transcontinental railroad, but the majority arrived directly from southern China.
