Star Trek: Discovery season 2 is on the verge of making the same mistakes as its first season. The CBS All Access show got off to a shaky start, with a polarizing first season marred by behind the scenes drama. Season 1 showrunners Aaron Harberts and Gretchen J. Berg were dismissed from the show midway through production on season 2 due to allegedly abusive behavior, somewhat ironic for the duo ...

Description: SCP-2664 is a psionic eigenweapon developed by GRU Division "P", the anomalous investigation branch of the Soviet Union, from 1950 to 1961 under the name "Project Redline". Per the orders of then-General Secretary Joseph Stalin, SCP-2664 was intended to act as a psychic deterrent that would immediately brainwash the global populace into following the tenets of Soviet socialism.
